P3 Airport/Airpark Bluegrass Station Acquisition		55,000,000	
Bond Funds		55,000,000	
This project is for the acquisition of approximately 2,000 acres of property adjacent to Bluegrass Station and predevelopment costs. This land will be used to construct a General Aviation Airport and a large industrial Airpark plus associated infrastructure. This capital project authorizes a public-private partnership under KRS 45A.077.			
Maintenance Pool - 2024-2026		5,000,000	5,000,000
General Fund		5,000,000	5,000,000
The Maintenance Pool includes maintenance, alteration, and renovation projects to protect real property, lengthen facility lifespan, adjust to changes in Kentucky National Guard units missions, and to keep department facilities in working order by avoiding more costly major maintenance and repair projects. Classifications of projects include but are not limited to roof repairs and replacements, HVAC and electrical upgrades, code compliance, mold and asbestos abatement and maintenance of roads.			
Construct Readiness Center Somerset Additional		9,470,000	
General Fund		4,032,000	
Federal Funds		5,438,000	
This provides an additional \$4,032,000 General Fund and \$5,438,000 Federal Fund for the Construct Readiness Center Somerset project. This project constructs a Readiness Center in Somerset to provide an adequate, modern facility for training and mobilization. The new facility will increase the ability of assigned units to meet federal and state mobilization requirements. The Project is a priority item on the federal National Guard Long Range Construction Plan.

Kentucky River Authority

Design and Repair Dam 7 Reauthorization

This project reauthorizes \$6,400,000 from Restricted Funds to the project to repair and extend the life of Dam 7, which holds the water supply for the City of Harrodsburg. Repairs will include reconstructing the existing dam apron, cribbing, armor dam toe, upstream sheet piling and repairing a cracked divider wall. A new upper sill splash pad will also be added.

Design Lock 5 Reauthorization

This project reauthorizes \$800,000 in Restricted Funds to design the needed repairs to open Lock 5 to river navigation and extend the life of the dam. Dam 5 provides water to the City of Versailles, the City of Lawrenceburg, and the Hanson Aggregate Rock Quarry. Repairs needed will include reconditioning steel lock gates, installing new operating equipment, replacing derrick stone, refacing the wall with shotcrete, and adding a concrete splash pad.

Locks 2 and 3 Upper Guide Wall Repairs Reauthorization

This project reauthorizes \$4,131,000 in Restricted Funds to repair Locks 2 and Lock 3 guide walls. It is important to replace these walls as navigation is open to recreational boaters from Frankfort to the Ohio River at Carrollton, Kentucky.

School Facilities Construction Commission

Offers of Assistance - 2022-2024

85,000,000

Bond Funds

85,000,000

This project funds \$85,000,000 in regular offers of assistance that were authorized by House Bill 1 from the 2022 Regular Session of the General Assembly. The offers of assistance were authorized with the expectation of debt service in the 2024-2026 biennium.

School Facilities Construction Commission Reauthorization

This project reauthorizes SFCC Offers of Assistance in the amount of \$75,900,000 in bond funds. This amount reflects unused, escrowed offers of assistance from the 2014-16, 2016-18, 2018-20, and 2020-22 budgets.

KentuckyWired Critical Infrastructure Upgrades		6,464,000	6,463,000
General Fund		6,464,000	6,463,000
<p>As with any telecommunications network, core equipment must be upgraded at appropriate intervals to continue to provide the flexibility, bandwidth and performance needed to provide service to the agencies connected to the network. This system refresh is included in the KentuckyWired contract as a Commonwealth obligation. This refresh will be implemented over 3 biennial periods, and it provides for the replacement of the core optical switching, core routing, and edge routing equipment utilized by the KentuckyWired network to provide services to agencies located in all 120 counties across the state of Kentucky. The nature of this project is such that its asset requirements are fluid.</p>			
KentuckyWired Critical Infrastructure Purchases		12,432,000	
General Fund		12,432,000	
<p>This project allows the Commonwealth to purchase twenty telecommunication shelters that house the core network nodes of the KentuckyWired network. Structural failures of the original shelters, such as water damage and mold, required the replacement of the original shelters. New shelters were purchased and financed by the Commonwealth's project vendor under a separate contract, which allowed the project to continue without further delays. The Commonwealth owned the original shelters, but the replacement shelters do not belong to the Commonwealth today. This project allows the Commonwealth to purchase the twenty shelters.</p>

State-Owned Dam Repair - 2024-2026		10,000,000	
Bond Funds		10,000,000	
KRS 151.291 authorizes the Energy and Environment Cabinet to ensure dams owned by the Commonwealth comply with state dam safety regulations and requirements. Of the 72 dams the Commonwealth owns, some require rehabilitation and repair to meet these requirements.			
Wiley Property Remediation and Cleanup		9,480,000	
Bond Funds		9,480,000	
This project will address the concern of contamination of arsenic trioxide in the environment. The surface concentrations of arsenic at 75% revealed that the material was pure arsenic trioxide. Funding will provide excavation of contaminated soil, groundwater monitoring, vegetation controls, erosion controls, and soil cap repairs.			
State Superfund Sites - 2024-2026		2,038,000	
General Fund		2,038,000	
It is the statutory responsibility of the Division of Waste Management's Superfund Branch to conduct clean up actions of sites where no responsible party is available. The goal of the Cabinet is to prevent contaminant exposures that affect human health and the environment.			
Emergency Response Team Command Unit Replacement	275,000

<p>Kentucky Division of Forestry will replace 3 wildfire bulldozer and transport units. The bulldozers being replaced are older models with open cabs, which cause unsafe conditions for personnel in wildfire environments. The replacement bulldozers will have enclosed environmental cabs, which will protect personnel against injury while operating in dangerous conditions. Dozers are the most important piece of equipment used in fighting wildfires, and many are not equipped with the environmental cab package that provides a carbon filtration system that keeps fire/smoke out of the cab.</p>

Commonwealth Energy Management and Control System		2,000,000	
Restricted Funds		2,000,000	
This project will continue statewide implementation of the Commonwealth Energy Management and Control System (CEMCS) across the Executive branch. CEMCS gives Kentucky a more global ability to monitor, measure, report, and ultimately conserve energy consumption throughout all implemented facilities. CEMCS also gives the Finance Cabinet greater oversight and influence on capital project needs in other agencies and provides a means to verify results of construction projects. CEMCS implementation to date accounts for over 2,000 buildings (27.2 million square feet) and for fiscal year 2022 shows a weather normalized savings of over \$7.5 million and a total annual utility cost of approximately \$38.8 million, while cumulative savings is up to \$53 million (2.22 billion kBtu) over the life of the project.			
Guaranteed Energy Savings Performance Contracts			
The Guaranteed Energy Performance Projects authorization will be utilized to implement various energy and utility savings projects in state-owned buildings. This authorization will allow Finance and Administration Cabinet and other state agencies to proceed with energy efficiency projects that can be paid for from savings in the agency's operating budget. These contracts may function as lease-purchase procurements, using the resulting energy savings as payment for the improvements, as provided by KRS 56.770 to 56.784.

Emergency Radio System Replacement Additional		47,900,000	
Bond Funds		47,900,000	
The first three phases of replacing the State Police's emergency radio system were funded in the last three budgets totaling \$168,459,000. Overall, the project will replace the existing statewide emergency radio communications network which has reached the end of its life-cycle after 17 years. The new system will ensure a common technology platform and interoperable communications for those on the network. The existing system provides day to day emergency radio communications between the State Police dispatch, the State Police, Commercial Vehicle Enforcement, Ky. Fish and Wildlife, Attorney General's Office, Alcoholic Beverage Control, and other state agencies. This additional funding is for increased costs to radio tower equipment that must be replaced at 30 existing tower sites in Eastern Kentucky, and equipment for 17 new towers to be constructed during Phase III. This specific equipment must be procured in order for these Phase III towers to be interoperable within the larger statewide network and prior phases of tower construction and upgrades. This additional funding also includes costs related to the construction of 17 new tower sites in Eastern Kentucky, which present with unique topography and access challenges, and have been impacted by escalation of construction materials and labor since initial cost estimates were developed. This additional funding only supports the portion of Phase III to be executed in the 24-26 biennium. The project will be reassessed and estimated for the remainder of Phase III new construction, to be completed in a future biennium.

<p>This project is to acquire two airplanes and one helicopter, which replaces the most aged and failing portions of KSP's air fleet, including a 1984 Learjet 35A, 1972 King Air 200, and 1970 UH-1 Huey. The KSP air fleet is used in a variety of roles by the State Police, including support of Local and Federal Law Enforcement agency missions, and Emergency Management during times of disaster. The project will provide airborne Law Enforcement support statewide including aerial drug interdiction, surveillance missions, man hunt assistance, pursuit response, traffic support, high event security, warrant service support, command and control support, missing persons searches, rapid response of KSP personnel, and movement of Emergency Management personnel and supplies to disaster sites. The helicopter replacement will expand KSP's search and rescue capabilities through cutting edge technology and equipment not available for retrofit into the current air fleet. The aircraft replacement will prevent further costly investments in maintaining the Learjet and King Air, both of which are owned by the Dept of Defense.</p>

Asset Preservation Pool - 2022-2024 Reauthorization

This reauthorizes the comprehensive institutions' required 15% institutional matching funds portion of the 2022-2024 Asset Preservation Pool. The 2022-2024 appropriations act authorized capital projects as defined in KRS 45.750(1)(f) from this combination of funds. EKU's matching funds portion from Restricted Funds is hereby reauthorized in the amount of \$8,222,000.

Lease - Aviation

This project is a lease of existing and additional aircraft to support EKU's aviation program.

Guaranteed Energy Savings Performance Contracts

The Guaranteed Energy Savings Performance Contract projects pool serves as the central project pool authorization for Guaranteed Energy Savings Performance contracts in any University-owned building. These contracts will function as lease-purchase procurements, using the resulting energy savings as payment for the improvements as provided in KRS 56.770 to KRS 56.784.

Lease - New Housing Space

This is a lease for new housing space to be of use by students or other members of the University community. This lease could be used to house students, other members of the University community and include retail tenants, healthcare tenants, provide residential nursing care and include parking solutions such as an integrated multi-level garage and/or entrance egress parking lot configurations.

Lease - Madison County - Student Housing

This is a lease for student housing in Madison County.

Lease - Madison County - Land

This is a lease for any university real property needs in Madison County either contiguous to existing university properties and real estate, adjacent to university properties and real estate or separate from university properties and real estate.

Lease 1 - Multi-Property - Multi-Use

This is a lease for any statewide university tangible and intangible interests which could include intellectual property uses or exchanges, real property needs or utilization of existing or future university properties or facilities on offer. Examples are not limited to but could include general housing, university housing, retail, health care, residential nursing care and any related commercialization ventures and any associated ancillary solutions such as parking, naming rights, air space rights, next generation fueling solutions and next generation transportation solutions and transportation-sharing and ride-sharing arrangements.

Lease 2 - Multi-Property - Multi-Use

This is an additional lease, separate or overlapping and integrated in conjunction with Multi-Property-Multi-Use Lease #1, for any statewide university tangible and intangible interests which could include intellectual property uses or exchanges, real property needs or utilization of existing or future university properties or facilities on offer. Examples are not limited to but could include general housing, university housing, retail, health care, residential nursing care and any related commercialization ventures and any associated ancillary solutions such as parking, naming rights, airspace rights, next generation fueling solutions and next generation transportation solutions and transportation-sharing and ride-sharing arrangements.

The Asset Preservation Fund provides funds to upgrade and replace building systems and the infrastructure that supports the education and general programs of each institution as those systems reach the end of their expected life cycles. State-owned and operated residence halls are also eligible. The Asset Preservation Fund provides funds to address the significant backlog of system replacement, upgrades, and modifications required for education and general facilities and state-owned and operated residence halls. A list of specific projects to be completed will be identified by each institution and certified by the Council on Postsecondary Education.			
Renov/Expand Civic Ctr for NKY Medical Exam & KSP Lab Reloc		21,000,000	
Restricted Funds		3,700,000	
Bond Funds		17,300,000	
NKU's vacant 19,000 gross square foot Civic Center building will be renovated to create a home for the Northern Kentucky Medical Examiner and Kentucky State Police Crime Lab. About 8,000 additional gross square feet will be added to house the Medical Examiner/Crime Lab offices.			
Expand Herrmann Science Center Additional Reauthorization		15,980,000	
Bond Funds		15,980,000	
This project reauthorizes \$79,900,000 in General Fund supported Bond Funds and \$5,000,000 in Other Cash and adds \$15,980,000 in General Fund supported Bond Funds to this project which was originally authorized in the 2022-2024 appropriations act. This project envisions construction of teaching and research labs in biology, chemistry, biochemistry, physics, geology and engineering technology in an 87,200 square foot addition to the 175,131 square foot Herrmann Science Center. The additional funds are necessary to cover cost overruns.

Western Kentucky University

Replace Jones Jagers Hall **40,000,000**

Restricted Funds	20,000,000
Other - Cash	20,000,000

This 47,061 square foot building was constructed in 1969 and designed as a lab school. The usage has changed many times over the years, but the current plan is to utilize this space for our educational program. The university will be doing an analysis of this building to determine the best approach. We will review several different options to determine what is most economical and feasible for the university. The building currently needs extensive interior and exterior renovations and complete system upgrades to provide for current and expected future use.

Asset Preservation Pool - 2024-2026 **37,477,100**

Bond Funds	37,477,100
------------	------------

The Asset Preservation Fund provides funds to upgrade and replace building systems and the infrastructure that supports the education and general programs of each institution as those systems reach the end of their expected life cycles. State-owned and operated residence halls are also eligible. The Asset Preservation Fund provides funds to address the significant backlog of system replacement, upgrades, and modifications required for education and general facilities and state-owned and operated residence halls. A list of specific projects to be completed will be identified by each institution and certified by the Council on Postsecondary Education.

Construct New Gordon Ford College of Business Add'l Reauth **12,500,000**

Bond Funds	12,500,000
Agency Bonds	

This project reauthorizes \$74,400,000 in General Fund supported Bond Funds authorized by the 2022 General Assembly in House Bill 1 and \$25,000,000 in Agency Bonds authorized by the 2023 General Assembly in House Bill 448. It adds \$12,500,000 in General Fund supported Bond Funds to the project to cover cost overruns. The project will consist of a new approximately 144,000 square foot facility to house the Gordon Ford College of Business. The new building will support both undergraduate and graduate programs to meet the need for professional business education.

Western Kentucky University			
Renovate Center for Research and Development Phase 1		12,000,000	
Restricted Funds		6,000,000	
Other - Cash		6,000,000	
This project will renovate a total of 17,000 square feet to accommodate multiple offices of various sizes for community economic development needs and mixed-use performance and meeting space.			
Construct Parking Structure IV Additional Reauthorization		10,000,000	
Agency Bonds		10,000,000	
This project reauthorizes \$25,000,000 in Agency Bonds and adds an additional \$10,000,000 in Agency Bonds to construct a new 1,000 space parking garage on the North end of campus. With the increase of development on this end of campus, it's apparent the need for more parking. In the last several years, the university has expanded toward the downtown area. This parking garage would accommodate commuter parking, resident parking, event, and visitor parking. This project is consistent with current and past master planning documents and reports.			
Renovate and Expand Clinical Education Complex		10,000,000	
Other - Cash		10,000,000	
This project will expand and functionally renovate all of the Clinical Education Complex to support program growth, current space needs, and improve utilization.			
Expand Track and Field Facilities		6,500,000	
Other - Cash		6,500,000	
The track facility was built in 2008 knowing there would be several phases to this project. WKU athletics would like to continue to expand this highly used facility. This next phase would include a project to add the following: field house, grandstands, landscape and walk ways, scoreboard, upgrades in utilities, lighting, and audio-visual components.			
Construct Baseball Grandstand		6,000,000	
Other - Cash		6,000,000	
This privately funded project will improve and expand the current baseball venue. This multi-phased, multi-year improvements project to the baseball stadium includes a variety of new seating to bring the capacity up to 2,000 seats, a new elevated concourse, and new entry plaza with perimeter treatment consistent with all campus athletic facilities, new hitting facilities as needed to support the program, a redesigned parking lot, storage, toilets, and concession area, and new infrastructure as needed to support improvements.			
Renovate South Campus		6,000,000	
Restricted Funds		6,000,000	
Renovate areas in the South Campus complex for programmatic needs or changes.			
Renovate/Expand Cliff Todd Center		6,000,000	
Other - Cash		6,000,000	
Renovation to Cliff Todd Center for the College Heights Foundation.			
Acquire Fixtures, Furniture, and Equipment Pool - 2024-2026		5,000,000	
Restricted Funds		5,000,000	
Miscellaneous equipment items over \$200,000.			
Add Club Seating at Diddle Arena		5,000,000	
Other - Cash		5,000,000	
Diddle Arena received a complete renovation in 2003. Most of the bench seating was replaced with chair backs except in the two ends of the bowl. The Hilltopper Athletic Foundation (HAF) would like to add additional bleacher seating at each end of the arena and construct four to eight additional sky boxes. This project is a multi-year and/or multi-phase depending on the need of HAF.

Remove and Replace Student Housing at Farm		5,000,000	
Other - Cash		5,000,000	
Project would allow removal and replacement of dilapidated housing, currently occupied by students who live and work on the WKU Farm in conjunction with their educational tract. Houses are extremely inefficient and in many cases also have safety issues.			
Acquire Fixtures, Furniture, and Equipment Diddle Arena		5,000,000	
Other - Cash		5,000,000	
This project provides authorization to purchase fixtures, furniture, and equipment, and other items needed for the existing E.A. Diddle Arena facility. Currently we have needs to replace and improve existing systems: sound system, lighting, scoreboards, and production equipment capabilities. We would like to add bleachers to increase the overall seating in the arena. Repair and replace infrastructure as required to enhance our training facilities located within this facility. This project would also allow us to provide some upgrades to our concession areas.			
Enhance Avenue of Champions Streetscaping		4,000,000	
Restricted Funds		2,000,000	
Other - Cash		2,000,000	
Project will enhance the streetscape of Avenue of Champions at the lower end of WKU's campus, extending and connecting the Bowling Green Greenway. The improvements strive to slow traffic exiting campus and improve pedestrian safety.			
Construct South Plaza		3,600,000	
Other - Cash		3,600,000	
Renovate and construct the area between WKU Preston Center and the west entrance to Houchens Industries-L.T. Smith Stadium to create South Plaza. Improvement could include: infrastructure upgrades, lighting, irrigation, landscape and hardscape improvement, along with a potential for structures for gathering. This project is multi-year and/or multi-phased depending on the Hilltopper Athletic Foundation project program.			
Purchase Property for Campus Expansion		3,000,000	
Restricted Funds		3,000,000	
This project will allow the university to purchase property as it becomes available around the campus.			
Purchase Property/Parking and Street Improvements		3,000,000	
Restricted Funds		3,000,000	
This project is required to provide future expansion for the university. As property becomes available adjacent to the campus, the university will evaluate the usefulness of the property.			
Renovate State/Normal Street Properties		2,000,000	
Restricted Funds		2,000,000	
Consistent with our campus master plan, the university is interested in obtaining/purchasing properties along and adjacent to State and Normal Streets. This project includes funding for the purchase and/or improvements to these properties.			
Guaranteed Energy Savings Performance Contracts			
The Guaranteed Energy Savings Performance Contract projects pool serves as the central project pool authorization for Guaranteed Energy Savings Performance contracts in any University-owned building. These contracts will function as lease-purchase procurements, using the resulting energy savings as payment for the improvements as provided in KRS 56.770 to KRS 56.784.			
Construct, Renovate, and Improve Athletics Facilities Reauth			
This project reauthorizes \$8,434,300 in Agency Bonds for construction of and various improvements to athletics facilities. This project was originally authorized in the 2020-2022 appropriations act, and a portion of the project was financed with WKU General Receipts 2022 Series A. This reauthorizes the remaining authorized but unissued amount.

KCTCS Property Acquisition Pool - 2024-2026		5,000,000	
Restricted Funds		5,000,000	
Create a pool of funding that KCTCS can use to purchase property parcels adjacent to college campuses as they come on the market, or other properties deemed essential for future expansion of college activities. Acquisition of such parcels provides a vehicle for campus expansion when needed. These parcels can also provide short-term relief for parking shortages currently being experienced at virtually all KCTCS campuses.			
Expand Culinary Arts Program - Elizabethtown CTC		5,000,000	
Restricted Funds		5,000,000	
This project request is to expand the Student Center building by constructing an approximate 7,500 square foot addition for a Culinary Arts instruction kitchen, culinary classrooms, dining room, and office space.			
Renovate Occup Tech Bldg Phase I - Elizabethtown CTC Add'l		4,900,000	
General Fund		4,900,000	
This project adds an additional \$4,900,000 from the General Fund to this project that was originally authorized for \$16,500,000 in Bond Funds in the 2022-2024 appropriations act, House Bill 1 (2022 Regular Session). This project will renovate the Occupational Technical Building and add an advanced manufacturing space at Elizabethtown Community and Technical College on the Main Campus.			
Acquisition of System Office Building		4,000,000	
Restricted Funds		4,000,000	
The purpose of this project is to complete the acquisition of the KCTCS System Office facility by paying off the lease-purchase agreement with the City of Versailles. By acquiring the facility KCTCS will have control of maintenance and operation of the building and will free up bonding capacity for the city to complete other needed projects.			
Construct Multicultural Ctr Atrium Enclosure - Jefferson CTC		3,000,000	
Restricted Funds		3,000,000	
This project seeks to enclose an outdoor atrium area leading into the Multicultural Center at Jefferson CTC Downtown Campus. This enclosure will allow for the expansion of the center and allow the college to be able to offer more programming and events for students and have a place for students to gather which will improve the students sense of belonging at Jefferson.			
Expand Leitchfield Campus - Elizabethtown CTC Additional		2,300,000	
General Fund		2,300,000	
This project adds an additional \$2,300,000 from the General Fund to this project that was originally authorized in the amount of \$9,000,000 in Bond Funds in the 2022-2024 appropriations act, House Bill 1 (2022 Regular Session). This project is to purchase CDL Simulators to be housed in the Gateway CTC Transportation Expansion for the CDL program. Program growth and expansion of the CDL programs is needed to align with workforce needs.			
Asset Preservation Pool - 2022-2024 Reauthorization			
This reauthorizes KCTCS' required 15% institutional matching funds portion of the 2022-2024 Asset Preservation Pool. The 2022-2024 appropriations act authorized capital projects as defined in KRS 45.750(1)(f) from this combination of funds. KCTCS' matching funds portion from Restricted Funds is hereby reauthorized in the amount of \$26,890,000.			
Lease - Elizabethtown CTC - Hardin County			
Elizabethtown Community and Technical College will be renovating the Occupational Technical Building and will need to relocate the Transportation program. Approximately 25,000 gross square feet of leased space in Hardin County will be used for the Transportation program. The cost of this lease is expected to be more than \$200,000.			
Lease - Jefferson CTC - Bullitt County Campus			
Jefferson Community and Technical College has leased space in Bullitt County. The current lease is approximately 30,000 gross square feet. Bullitt County is one of the most rapidly growing counties in Kentucky and with its access to interstate 65 and interstate 264, it is ideally situated for continued growth and economic development which would be further enhanced by access to postsecondary education and workforce development programs. The annual cost of the lease is more than \$200,000.			
Lease - Jefferson CTC - Jefferson Education Center			
This lease encompasses approximately 36,651 square feet of office, service and storage space in downtown Louisville adjacent to the Downtown Campus of Jefferson Community and Technical College. This space has just been completely renovated. The leased space has been used to relocate and consolidate all student services functions for the college. Previously, those functions had been dispersed among several buildings on multiple campuses. This was very inefficient for the college staff and extremely inconvenient for students. The space vacated in other buildings has, in most instances been converted back into instructional space, in other instances it has permitted the departments to expand into more suitable and less cramped quarters. The annual cost of the lease is more than \$200,000.			
Lease - KCTCS System Office			
This is a lease-purchase agreement with the City of Versailles whereby the City secured funding to renovate a building located at 300 North Main Street in Versailles to create office and conference space for the KCTCS System Office. In turn, KCTCS agrees to repay the City for its costs in acquiring and renovating the property over 20 years, at which time KCTCS will assume ownership of the property. The annual cost of the lease is more than \$200,000.

New T-Hangars		2,750,000	
Restricted Funds		2,750,000	
Funding for this project is contingent upon approval for the use of Restricted funds from the Aviation Economic Development Fund. This project will construct 16 new T-Hangars to provide secure storage space for civil aviation aircraft. Currently, there is a waiting list of 25 individuals who have expressed an interest in renting T-Hangars to store their personal aircraft. The additional T-Hangars will provide more secure aircraft storage and help generate additional revenue for Kentucky's Capital City Airport.			
Two Medium Sized Box Hangars			1,600,000
Restricted Funds			1,600,000
Funding for this project is contingent upon approval for the use of Restricted funds from the Aviation Economic Development Fund. Funds will be used to construct two new box hangars approximately 60' x 60'/3,600 square feet. These hangars will be available to corporate/private entities that require aircraft storage and operational space. This new construction will generate additional revenue for the operations of the airport and potentially attract new businesses to the area. The airport is growing and existing conventional hangar space is inadequate for current and future business operations.
