Capital Renewal and Maintenance projects are completed as funds are available. This pool will finance individual projects that cost \$1,000,000 or more.			
<b>Upgrade Administrative Office Systems</b>		<b>4,864,000</b>	
Restricted Funds		4,864,000	
This project would provide upgrades, replacement and expansion of desktop microcomputers, portable microcomputers, printers, file servers, web servers, OCR and image scanners, printers, smart boards, smart-card readers/printers, mass storage media, print and duplication technology, digital displays and backup peripherals used in administrative offices and service areas.			
<b>Construct New Volleyball Facility - Phase 2</b>		<b>3,300,000</b>	
Restricted Funds		3,300,000	
This phased project will continue renovating the site of the McClure Pool, located in the Academic Athletic Center. The pool was taken out of service in June 2010 and demolished in 2015. This project will modify the area which housed the McClure Pool to accommodate a competition and practice venue for the University's volleyball team and other athletic related uses.			
<b>Purchase Instructional Technology Initiatives</b>		<b>3,021,000</b>	
Restricted Funds		3,021,000	
This project contains pooled items/systems related to instructional technology initiatives covering various areas of study.			
<b>Enhance Network/Infrastructure Resources - Additional</b>		<b>3,000,000</b>	
Restricted Funds		3,000,000	
This project reauthorizes \$5,945,000 in Restricted Funds and adds \$3,000,000 in Restricted Funds. It includes equipment and systems to maintain and improve the campus voice, data and video network infrastructure.			
<b>Reconstruct Central Campus</b>		<b>3,000,000</b>	
Restricted Funds		3,000,000	
The project includes the completion of four plazas on descending levels to be built in the center of campus. Two of the levels will include personalized paving stones to memorialize deceased faculty, staff, and students. The plans include construction of an amphitheater below University Boulevard. The project also includes enhancement of pedestrian and vehicular circulation through improvement of existing and construction of new sidewalks, roadways, signage, and associated amenities.			
<b>Upgrade Campus Fire and Security Systems</b>		<b>2,670,000</b>	
Restricted Funds		2,670,000	
This project includes replacement/upgrades to the current fire alarm systems with addressable and upgradable systems that are ADA compliant and support voice-evacuation and remote accessibility. All fire control panels will be relocated to easily accessible areas. The project also includes the addition and expansion of audio and IP emergency alert systems and replacement and expansion of the campus video surveillance and electronic door access systems.			
<b>Purchase of Rowan County Board of Education Building</b>		<b>2,000,000</b>	
Restricted Funds		2,000,000	
The 23,634 square foot Rowan County Board of Education facility will become the University's Enrollment Services Center and serve as flex space for offices and students while Adron Doran University Center is under renovation. Afterward, it will house Enrollment Services, Financial Aid and Admissions staff and student support offices.			
<b>Construct Classroom/Lab Building at Browning Orchard</b>		<b>1,942,000</b>	
Restricted Funds		1,942,000	
This project will provide a modern, much needed facility at the Browning Orchard in Fleming County. Estimated at 6,000 square feet, plans include a traditional classroom for instruction, a wet laboratory to support field-based learning activities, and space for equipment storage.

<b>Replace Electrical Switchgear B</b>		<b>1,800,000</b>	
Restricted Funds		1,800,000	
This project will replace the University's aging switchgear that serves the eastern portion of the main campus. It will relocate supply lines to an underground service and move the switch out of Wetherby Gymnasium which is scheduled for demolition.			
<b>Upgrade and Expand Distance Learning</b>		<b>1,700,000</b>	
Restricted Funds		1,700,000	
This project will provide upgrades, replacement and expansion of the compressed video and multimedia classroom equipment on the main campus and at the regional campus centers to deliver educational programs throughout the region.			
<b>Enhance Library Automation Resources</b>		<b>1,539,000</b>	
Restricted Funds		1,539,000	
The Library's automated system is no longer supported by the vendor and does not meet the needs and expectations of today's students and faculty. Additional specialized automation software is needed to manage electronic resources and documents imaging, and to allow full participation in database access and resource sharing through the Kentucky Virtual Library.			
<b>Water Plant Sediment Basin</b>		<b>1,500,000</b>	
Restricted Funds		1,500,000	
This project is the construction of a water sediment basin at the Water Purification Facility. The University has been issued a citation by the Division of Water for excessive TDSS and Cl2 being discharged back into the water source. The sediment basin will enable the plant to meet all state regulations pertaining to this discharge.			
<b>Renovate Howell-McDowell</b>		<b>1,296,000</b>	
Restricted Funds		1,296,000	
This project will replace the existing exterior stucco on Howell-McDowell. All windows and exterior doors will be replaced with new, energy efficient models. The duct work will be cleaned and the roof replaced.			
<b>Purchase Equipment for Biochemistry Lab</b>		<b>548,000</b>	
Restricted Funds		548,000	
This project will equip the biochemistry laboratory with basic equipment used in analytical chemistry, including the fields of environmental chemistry and clinical (pharmaceutical) chemistry.			
<b>Guaranteed Energy Savings Performance Contracts</b>			
The Guaranteed Energy Savings Performance Projects Pool serves as a central project pool authorization for Guaranteed Energy Savings Performance Contracts in any University-owned building. These contracts will function as lease-purchase procurements, using the resulting energy savings as payment for the improvements as provided by KRS 56.770 to KRS 56.784.

<b>Renovate White Hall</b>		<b>16,299,000</b>	
Agency Bonds		16,299,000	
This project will redesign and rebuild the interior finishes, doors, door frame systems; replace windows; replace roofing; upgrade mechanical, electrical and plumbing distribution systems; and restore the bedrooms and support areas of the 47 year old White Residential College to new condition. The project will also include some land acquisition for needed residential parking and green space.			
<b>Construct Sorority Suites</b>		<b>13,500,000</b>	
Other - Third Party Financing		13,500,000	
There are currently four sorority meeting rooms in two buildings constructed in 1999. These meeting rooms are no longer large enough to accommodate the growing program. This project will construct six residential buildings for sororities.			
This project financing is authorized pursuant to KRS 45.763.			
<b>Provide Bookstore</b>		<b>8,000,000</b>	
Other - Third Party Financing		8,000,000	
This project will build a new Murray State University Bookstore. Changes in the way textbooks are used prompts demand for more retail merchandising space with better accessibility to the campus community and public.			
This project financing is authorized pursuant to KRS 45.763.			
<b>Renovate Civic Center</b>		<b>4,600,000</b>	
Restricted Funds		1,000,000	
Other - Third Party Financing		3,600,000	
<b>Renovate Winslow Cafeteria</b>		<b>4,550,000</b>	
Restricted Funds		4,550,000	
This project will upgrade the University's largest dining venue to meet customer expectations, to maintain and increase meal plan participation and satisfaction, and to add seating capacity. Included are a new action station, replacement of furnishings, and increased capacity in the remaining dishroom.			
<b>Acquire Property Pool</b>		<b>4,000,000</b>	
Restricted Funds		4,000,000	
This pool will fund the purchase of properties adjacent to the main campus pursuant to the University's Campus Master Plan.			
<b>Provide Alternate Dining Facility</b>		<b>4,000,000</b>	
Other - Third Party Financing		4,000,000	
This project will provide an alternate dining facility to satisfy demand from commuter students, faculty and staff.			
This project financing is authorized pursuant to KRS 45.763.			
<b>College of Science Instructional/Research Equipment Pool</b>		<b>3,500,000</b>	
Restricted Funds		3,500,000	
This project will replace movable scientific equipment used for instruction and research by the various academic departments in the College of Science, Engineering & Technology. This pool will finance items of equipment that cost \$200,000 or more.			
<b>Upgrade Campus Network</b>		<b>3,162,000</b>	
Restricted Funds		3,162,000	
This project will upgrade the existing campus data network that was installed in 2003.			

<b>Postsecondary Education</b>	<b>Fiscal Year 2015-2016</b>	<b>Fiscal Year 2016-2017</b>	<b>Fiscal Year 2017-2018</b>

<b>Construct Livestock Instructional Laboratory</b>		<b>2,824,000</b>	
Restricted Funds		2,824,000	
This project will construct a new livestock instructional laboratory that would replace the existing outdated dairy stall barn and offices. This facility will consist of offices, classrooms, restrooms and show/sale facilities to provide instruction for Murray State University's agriculture students as well as providing demonstration, education and research facilities for Murray State University's service region.			
<b>Demolish Woods Hall</b>		<b>2,301,000</b>	
Restricted Funds		2,301,000	
This project will demolish Woods Hall.			
<b>Renovate White Hall HVAC System</b>		<b>2,074,000</b>	
Restricted Funds		2,074,000	
This project will replace the original boiler, water heater, hot and chilled water pumps, HVAC controls, valves, exhaust fans, fan-coil units and clean duct work in White Residential College.			
<b>Install Solar Panels and/or Geothermal Power</b>		<b>2,000,000</b>	
Restricted Funds		2,000,000	
This project will utilize solar power and/or geothermal power to realize electrical energy efficiencies and generate electrical power into the grid.			
<b>Renovate Wrather Hall</b>		<b>2,000,000</b>	
Restricted Funds		2,000,000	
Wrather Hall was constructed as Murray State University's first building in 1923. It has had one renovation in 1970 to convert the majority of the space into a museum and 250-seat auditorium. This project will update the auditorium to be better utilized for instructional space and includes upgrades for ADA compliance.			
<b>Repairs of Biology Building</b>		<b>2,000,000</b>	
Restricted Funds		2,000,000	
The Biology Building has experienced degradation and failures of its air handling system causing an explosive growth of mold in the summer of 2015. This project will cover the repairs to the air handling system, and renovation to the damaged classrooms, laboratories, and offices.			
<b>Repairs of Chemistry Building</b>		<b>2,000,000</b>	
Restricted Funds		2,000,000	
The Chemistry Building has experienced degradation and failures of its air handling system and fume hood system causing an explosive growth of mold in the summer of 2015. This project will cover the repairs to the air handling system, hood controls system, and repairs to the damaged classrooms, laboratories, and offices.			
<b>Complete ADA Compliance Pool - Housing and Dining</b>		<b>1,957,000</b>	
Agency Bonds		1,957,000	
This project pool will address the Americans with Disabilities Act (ADA) compliance needs, with an estimated cost of less than \$1,000,000 each, in the Housing and Dining (H&D) buildings at Murray State University.			
<b>Upgrade Campus Phone System</b>		<b>1,781,000</b>	
Restricted Funds		1,781,000	
This project will allow Murray State University to upgrade the existing campus phone system that was installed in 2005. The VoIP phones on campus are no longer supported and will not receive telephone security updates, repairs or new features.			
<b>Upgrade Applied Science Electrical System</b>		<b>1,626,000</b>	
Restricted Funds		1,626,000	
This project will upgrade the electrical system in the Applied Science Building to meet the increasing demands of the academic and support departments located in the building.			

<b>Postsecondary Education</b>	<b>Fiscal Year 2015-2016</b>	<b>Fiscal Year 2016-2017</b>	<b>Fiscal Year 2017-2018</b>

<b>Install Sprinkler System - Blackburn Science Building</b>		<b>1,599,000</b>	
Restricted Funds		1,599,000	
This project will install a fire suppression system in the Blackburn Science Building, constructed in 1950, as recommended by the state fire marshal.			
<b>Renovate White Hall Interior</b>		<b>1,558,000</b>	
Restricted Funds		1,558,000	
This project allows the renovation and modernization of the interior of White Residential College.			
<b>Renovate Pogue Library Electric and HVAC</b>		<b>1,555,000</b>	
Restricted Funds		1,555,000	
This project will upgrade the electrical distribution system and install a modern HVAC system in the Pogue Library.			
<b>ITV Upgrades to Murray State University System</b>		<b>1,547,000</b>	
Restricted Funds		1,547,000	
ITV (interactive television) is a teaching medium by which Murray State University serves its 18-county region. MSU's ITV equipment has become outdated and replacement parts are no longer available. The new high definition ITV rooms will enhance teaching and learning for both faculty and students.			
<b>Construct Open-Sided Stall Barn at Expo Center</b>		<b>1,521,000</b>	
Restricted Funds		1,521,000	
This project will allow the construction of a 31,250 square foot 150 stall barn to complement and utilize the existing Livestock and Exposition Center located on Murray State University's West Farm. Many university and regional agriculture and equine events are limited because of the availability of stall space. This additional space would greatly improve the operating conditions of the Expo Center.			
<b>Install CFSB Center Generator</b>		<b>1,500,000</b>	
Restricted Funds		1,500,000	
Installation of a generator will provide a back-up source of power to the CFSB Center, Murray State University's 8,600 seat multi-purpose arena.			
<b>Replace CFSB Center Seating</b>		<b>1,500,000</b>	
Restricted Funds		1,500,000	
This project will replace lower bowl seats with similar style arena seating. Seating is original equipment to the building and wear and tear is noticeable and difficult to repair. Parts are not readily available and mobility of sections for optimal floor use of the facility is often restricted. Ability to adequately service university patrons is often affected by the poor condition of the seating.			
<b>Renovate Regents Hall Electrical System</b>		<b>1,446,000</b>	
Restricted Funds		1,446,000	
This project will replace and upgrade original electrical components of Regents Residential College.			
<b>Renovate Curris Center</b>		<b>1,400,000</b>	
Restricted Funds		1,400,000	
This project will create undergraduate student meeting spaces and additional office space in the Curris Center, the primary student union building on campus.			
<b>Renovate White Hall Electrical System</b>		<b>1,336,000</b>	
Restricted Funds		1,336,000	
This project will replace and upgrade all original electrical components of White Residential College.			

<b>Postsecondary Education</b>	<b>Fiscal Year 2015-2016</b>	<b>Fiscal Year 2016-2017</b>	<b>Fiscal Year 2017-2018</b>
<b>Murray State University</b>			
<b>Renovate Hart Hall Electrical System</b>		<b>1,286,000</b>	
Restricted Funds		1,286,000	
This project will replace and upgrade, as necessary, all original electrical components of Hart Residential College, a 49 year old building.			
<b>Replace E&amp;G Chiller/CFC Compliance</b>		<b>1,221,000</b>	
Restricted Funds		1,221,000	
This project will replace the third chiller in the Central Heating & Cooling Plant, which cools most of the main campus. The project will also comply with clean air requirements in mechanical rooms that contain chlorofluorocarbon (CFC) equipment.			
<b>Replace Exposition Center Roof</b>		<b>1,201,000</b>	
Restricted Funds		1,201,000	
This project will allow for replacement of the roof of William Cherry Exposition Center, constructed in 1976. The roof was last replaced in 1995 and had an expected life of 13 years.			
<b>Acquire Agriculture Research Farm Land Pool</b>		<b>1,200,000</b>	
Restricted Funds		1,200,000	
This pool will permit acquisition of farm land for laboratory acreage.			
<b>Replace CFSB Center Scoreboard</b>		<b>1,200,000</b>	
Restricted Funds		1,200,000	
This project will replace the original center scoreboard in CFSB arena. New technology will provide greater efficiency, enhanced fan experience, and easier maintenance and upkeep.			
<b>Waterproof Stewart Stadium</b>		<b>1,116,000</b>	
Restricted Funds		1,116,000	
The Stewart Stadium grandstands are directly over finished offices, classrooms and common spaces. The grandstands are constructed of precast concrete which allows storm water leakage to the spaces below. Numerous cracks and joints in the concrete will be caulked and the entire surface will be waterproofed.			
<b>Replace White Hall Domestic Water Piping</b>		<b>1,112,000</b>	
Restricted Funds		1,112,000	
This project will replace all domestic water piping and associated components, including domestic piping, pumps, valves, shower units, stalls and other related equipment, in White Residential College.			
<b>Renovate General Services</b>		<b>1,000,000</b>	
Restricted Funds		1,000,000	
Redefinition of under-utilized lower level space in the General Services Building will allow for much-needed realignment of campus office and general services space.			
<b>Agriculture Instructional Laboratory &amp; Technology Equipment</b>		<b>800,000</b>	
Restricted Funds		800,000	
This equipment will allow for the replacement of obsolete instructional and laboratory equipment used in the various disciplines of agriculture. The current soils, agronomy, agriculture education and horticulture program laboratories are all utilizing equipment purchased in 1965 or earlier.			
<b>Information Technology Infrastructure for TSM &amp; IET</b>		<b>791,000</b>	
Restricted Funds		791,000	
This project will upgrade the entire information technology system for the Department of Industrial and Engineering Technology that is used by more than 500 students in nine academic programs.			

<b>Postsecondary Education</b>	<b>Fiscal Year 2015-2016</b>	<b>Fiscal Year 2016-2017</b>	<b>Fiscal Year 2017-2018</b>
<b>Murray State University</b>			
<b>Replace Blackburn Science Roof</b>		<b>750,000</b>	
Restricted Funds		750,000	
This project allows for removal of unneeded equipment and full replacement of the roof of Blackburn Science Building.			
<b>Broadcasting Education Laboratory Equipment</b>		<b>225,000</b>	
Restricted Funds		225,000	
This project would allow the replacement of various pieces of obsolete equipment related to instruction in audio/video recording and transmission.			
<b>Guaranteed Energy Savings Performance Contracts</b>			
The Guaranteed Energy Savings Performance Projects Pool serves as a central project pool authorization for Guaranteed Energy Savings Performance Contracts in any University-owned building. These contracts will function as lease-purchase procurements, using the resulting energy savings as payment for the improvements as provided by KRS 56.770 to KRS 56.784.			
<b>Murray State University Total</b>		<b>129,038,000</b>	
<b>Restricted Funds</b>		<b>61,682,000</b>	
<b>Agency Bonds</b>		<b>18,256,000</b>	
<b>Other - Third Party Financing</b>		<b>49,100,000</b>	
<b>Northern Kentucky University</b>			
<b>Construct Mixed-Use Facility with Student Housing</b>		<b>125,000,000</b>	
Other - Third Party Financing		125,000,000	
This project will provide for construction of a mixed-use development on a 12-acre campus site as well as allow privatization of the university's existing student housing inventory.			
This project financing is authorized pursuant to KRS 45.763.			
<b>Construct/Acquire New Residence Hall</b>		<b>28,500,000</b>	
Agency Bonds		28,500,000	
A new 300 bed residence hall of about 105,000 square feet will be needed to provide additional on-campus housing opportunities. A new building may be constructed or an existing facility may be purchased and renovated. On-campus housing enriches the collegiate experience, positively impacting student retention and graduation goals.			
<b>Construct Basketball Practice Facility</b>		<b>15,000,000</b>	
Other - Third Party Financing		15,000,000	
A basketball practice facility will provide practice and training space for NKU's basketball teams.			
This project financing is authorized pursuant to KRS 45.763.			
<b>Construct Satellite Parking Lot</b>		<b>12,000,000</b>	
Agency Bonds		6,000,000	
Other - Third Party Financing		6,000,000	
This project will convert temporary gravel parking lots to permanent surface parking, provide new parking capacity and improve design of campus roads.			
Project financing of \$6,000,000 is authorized pursuant to KRS 45.763.			
<b>Renew E&amp;G Building Systems Projects Pool</b>		<b>10,000,000</b>	
Restricted Funds		10,000,000	
This project includes various improvements, upgrades and capital renewal investments in the university's educational and general buildings. This pool may finance individual projects that cost \$1,000,000 or more.

<b>Renovate Residence Halls 2016-2018 Pool</b>		<b>10,000,000</b>	
Restricted Funds		10,000,000	
This project includes various improvements, upgrades and capital renewal projects in the university's residence hall facilities. This pool may finance individual projects that cost \$1,000,000 or more.			
<b>Acquire Land/Master Plan 2010-2012 - Add'l Reauthorization</b>		<b>8,000,000</b>	
Restricted Funds		4,000,000	
Other - Third Party Financing		4,000,000	
This project reauthorizes \$17,500,000 in Agency Bonds and adds \$4,000,000 in Restricted Funds and \$4,000,000 in Other Funds - Third Party Financing.			
The project includes acquisition of Campbell Hall, the 46,915 square foot Gateway Community College building located at the north edge of NKU's Highland Heights campus, and purchase of a campus ministry building located on campus.			
Project financing of \$4,000,000 is authorized pursuant to KRS 45.763.			
<b>Repair Structural Heaving Landrum/FineArts</b>		<b>7,000,000</b>	
Restricted Funds		7,000,000	
This project includes elimination of slab-on-grade heaving in the west wing of Landrum Hall and in the Fine Arts Center.			
<b>Renew HVAC Project Pool</b>		<b>6,500,000</b>	
Restricted Funds		6,500,000	
This project will replace and upgrade HVAC systems in campus buildings. This pool may finance individual projects that cost \$1,000,000 or more.			
<b>Renovate Gateway/Highland Hts Campus</b>		<b>6,000,000</b>	
Other - Third Party Financing		6,000,000	
This project will provide for renovation and modernization of Campbell Hall, a 46,915 square foot building located on the Highland Heights campus of Gateway Community College. NKU is currently leasing 14,487 square feet in the building.

<b>Expand Papa Johns Stadium/Football Complex</b>		<b>55,000,000</b>	
Agency Bonds		55,000,000	
The project will enclose the north end of Papa Johns Cardinal Stadium. The expansion will include field level suites, as well loge level seating. The project will ultimately add 10,000+ seats to the stadium, pushing the capacity of the stadium to roughly 65,000. Two new video boards will be installed to replace the existing video board. A parking garage will be placed underneath the seating area. The project will also include office space for the football coaching staff.			
<b>Construct Administrative Office Building</b>		<b>52,560,000</b>	
Restricted Funds		52,560,000	
This project will construct a new 192,780 square foot building on the northwest corner of the Belknap Campus to house various university administrative offices and will also include leasable retail/office space. This would free up space in the academic core by moving non-student intensive administrative services to the edge of campus.			
<b>Renovate Residence Halls</b>		<b>46,320,000</b>	
Agency Bonds		46,320,000	
This project provides authorization to renovate and modernize one large and one mid-size residence halls.			
<b>Construct Residence Hall</b>		<b>44,450,000</b>	
Other - Third Party Financing		44,450,000	
This authorization would allow the University to construct a new 400-bed Residence Hall on the Belknap campus. The project allows the University to continue to meet the need for student on-campus housing and is part of the University master plan. The new facility would also provide approximately 5,000 SF for the Residence Life administrative offices.			
This project financing is authorized pursuant to KRS 45.763.			
<b>Construct Institute for Product Realization</b>		<b>35,980,000</b>	
Other - Third Party Financing		35,980,000	
This project will construct 225,000 square foot building on Belknap Campus to house the Institute for Product Realization (IPR) as part of the Belknap Research Park. The Institute will be housed in a state-of-the-art facility composed of four interconnected units: a Co-creation Platform, a Microfactory, a Launch Pad, and an Advanced Manufacturing Research and Training Center.			
This project financing is authorized pursuant to KRS 45.763.			
<b>Capital Renewal Pool (2016-2018)</b>		<b>35,000,000</b>	
Restricted Funds		35,000,000	
The Capital Renewal Pool will allow the university to address ten types of projects: roof replacement, windows, exterior building upgrades, interior building upgrades, walking surfaces, electrical upgrades, data collection and security panels, emergency generators, mechanical upgrades, and carpet/floor tile. This pool of projects includes those with a scope less than \$1,000,000 each.			
<b>Construct Shelbyhurst Parking Garage</b>		<b>28,000,000</b>	
Other - Third Party Financing		28,000,000	
This project will construct a 1,556-space parking garage on Shelbyhurst Park. In order to provide space to accommodate future building construction as envisioned in the Shelbyhurst Development Plan, a parking garage is needed to consolidate parking for the tenants, guests, employees, faculty, and students.			
This project financing is authorized pursuant to KRS 45.763.
